

How do we teach Science at Blackwell?

- Science as a “Learning Driver” and where not, discrete lessons are taught over the term
- Cross curricular links
- Use of pre and post learning tasks to assess progress being made
- Opportunities for children to transfer and link previous knowledge to their learning
- Investigations at least 6 x annually
- Bi-weekly Science “Wizard Word” competition
- Assessment tracking termly and regular checks on pupils understanding of key vocabulary
- Cluster lead school for transition project with Secondaries
- STEM club and pupil leaders
- Outdoor learning wherever possible
- Visits/visitors/experiences to link to learning
