

Wellbeing at Blackwell Primary School

We believe that wellbeing is vital for a child's development academically, physically, emotionally, creatively and socially. We do this in a variety of ways:

- All Staff have a warm, welcoming approach to the children and the adults who care for them
- We have worked closely over a number of years with our Catering team to promote an engaging menu that is nutritionally appropriate
- only allowing healthy snacks to be eaten at playtimes
- School charter to show activities that children will have opportunity to do through their time at Blackwell
- 5 Steps to well-being assemblies
- SMILERS sessions / meetings
- Weekly Tai Chi lessons
- variety of after school clubs.
- Outdoor schools for all year groups throughout the year
- Weekly music lessons For lower KS2
- swimming lessons from Y3-Y6
- Responsibilities given to all children over the year so that they can gain confidence and share success.
- A sensory room is being created so that children can have time to get ready for learning or be able to find peace and calm
- Nurture groups to develop confidence and give support
- Giving every opportunity for a child to succeed — through leadership roles, extra intervention, support, use of resources, personal plan/curriculum
- P4YP works at our school with identified pupils from Nursery -Y6 weekly
- Quick referral to external agencies
- Safeguarding and SMSC woven through the whole school curriculum
