

# Relationship and Sex Education Vocabulary

Below is a table of the vocabulary used during the teaching of RSE and science lessons in each year group. Using the correct terminology, especially for body parts stops children from being confused and is also hugely important for safeguarding too.

| Reception                                                                                                                                                       | KS1                                                                                                                                                                                                                      | LKS2                                                                                                                                                                                                                                                                                | UKS2                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
