1	anonymous	Something my daughter looks forward to as she loves it.
2	anonymous	He said he doesn't like doing it, however he is more enthusiastic about doing things outdoors at home since doing it at school. It's also made a noticeable difference with sensory issues he's always had around touching things wet and getting wet himself.
3	anonymous	Our daughter has talked about the sessions and discussed mushrooms and leaves when we have been on family walks sharing her knowledge.
4	anonymous	"I like it's outside and I get to see Miss Gordon" [redacted] was very eager to come home and tell us about finding Acorns!

5. Is there anything else you would like to tell us about your child's Outdoor School sessions or Outdoor School in general?
